

School Money user guide

The School Money app is the easiest way to pay for things. Meals must be purchased at least a day before and meals can be bought or booked for the following week.

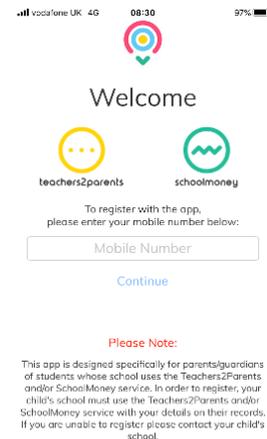

Get the app

Go to your app store and search for **Teachers2Parents**

Get the app

Once downloaded, key in your mobile number.

If your mobile number matches the one held in school, you will be registered and your child's / children's names will appear along the top.

Using the app

Select the option button (top left) 

Choose **Dinners** to purchase a meal

Or choose **Payments** to pay for school fund, fun days, snack or ties

Purchasing a dinner

Select **Meal** for each day of the week.

(If on free school meals there will be no charge)

Press the + to add to the basket.

Click the basket (top right) to be taken to the payment screen to pay

Having problems?

The app tells you it does not recognise you – It could be because the school system has a different number listed for you. Email or message the school Facebook page and tell us the correct number.

The app tells you there's no registered email address – email or message the school Facebook page and give us your email address.
